

Melcer Chamber Music Hall

BUILT BY
WALCKER (1993)

STOPS
15

KEYBOARD
2+P

The organ is located at The Fryderyk Chopin University of Music in Melcer Chamber Music Hall. It was built by Walcker company in 1973 together with other two instruments - 55 stop organ in the concert hall and small 4 stop positiv. It got 15 stops (3 stops are borrowed), 2 manuals and pedal. Manual compass is from C to g³, pedal from C to f. It has fully mechanical tracker action. Brustwerk division is enclosed.

The organ was recorded in April of 2014.
